PEER MEDIATION / SUP

By Rehmat and Pavirna 6G

Peer mediation is learning to be a responsible role model that helps resolve everyday playground problems. It's being someone that you can trust and tell your problems to. Peer mediators help you to feel safe and open up to trustworthy people when you need.

The Stand Up Project (SUP) is where upstanders apply to help people who are too scared to speak for themselves and fight for justice. This is also to aid the victims in gaining more confidence to stand up for themselves. SUP leaders are people you can rely on to help save your day, like a superhero who's on a mission.

We interviewed some Peer Mediators/SUP Leaders about their role in our school:

WHY DID YOU CHOOSE TO BE A SUP LEADER?

Shanosh 6G:

I was inspired by a group of SUP leaders who came to my classroom and described the 4D's, how it's important to do what you can to help others and I also wanted to help make a difference.

Nethra 6B:

I chose to be a SUP leader because I have been bullied in the past and I don't want others to go through that too.

WHAT DOES BEING AN UPSTANDER MEAN TO YOU?

Sanaaya 6A:

Being an upstander means seeing if something's wrong, doing something about it and addressing the issue.

Parivan 6C:

Being an upstander is helping those in need and being empathetic while showing respect to others. It is not directly solving the problem, it's just making minor changes.

Anumithaan 5B:

Being an upstander means to stand up for others when they're not at their best and always being there for them when no-one else is.

WHAT DO YOU ENJOY MOST ABOUT PEER MEDIATION?

Rosa 5B:

I like helping people and solving problems for other people when they're not at their best and guiding them in feeling stronger and more confident.

Kevin 6C:

I enjoy peer mediation because I get to use different strategies to address a problem; such as using the 4D's and guiding others to develop their confidence.

Evelyn 5A:

My favourite thing about peer mediation is being able to help younger children to solve their own problems and assist in their difficulties.

THE VICTORIAN STATE SCHOOLS SPECTACULAR

By Akshara and Myra 6C

What is VSSS?

VSSS stands for Victorian State School Spectacular, and it definitely lives up to its name. It's a production for government schools all around Victoria. Age groups for participation range from 9-16 and it's available if you audition. The dances are very fun and there are over 80 schools participating.

Every year the annual show has a main theme which resonates with all the songs, dance moves, and characteristics shown throughout. The 2026 theme is *This Is Me*, a theme about self-pride and confidence. The show this year will be epic, and we all have and will continue to work very hard!

How does Glen Waverley Primary School participate in the VSSS?

Our school is very proud to participate in this huge production every year. We have a MASS choir; a group of very talented young singers in grade 3 and 4 who join with the choir team from other schools to support the main vocals on stage. We also have a MASS dance, another wonderful group of grade 5's and 6's who join with other dancers to create colourful movement around the main stage.

What students think about being part of this

"I learnt more songs that I've never heard before." - Nila 3B

"It's my hobby to dance and I love to learn such creative dances and I love the joy and passion VSSS has brought to me." -Rehmat 6G

"I learnt that we work to arrange our voices into different groups based on our comfort, then our teacher has a listen to rearrange us if needed to make the sound well blended and amazing." - Theo 5B

"I feel nervous and excited at the same time about being in the show." -Sihlas 3B

"I feel very happy about being in the show, and feel like my voice is free and very alive when I sing. - Theo 5B

THE VICTORIAN STATE SCHOOLS SPECTACULAR

We also have three other students in the 2026 VSSS, who have main roles. *Theo* from class 5B is a part of the main choir, called the VSSS choir who lead the MASS choir. *Aadyah* from class 6D is part of the main orchestra, specifically the percussion section. Finally, *Akshara* from class 6C is a principal vocalist, one of the main vocalists that sing on the main stage. All these students are very talented young musicians!

More about Mass Dance:

Mass Dance is a group of dancers who auditions to be in VSSS. They learn dances and perform at a designated spot each year.

Tiana: "We attend rehearsals every week with a teacher, before it was Ms Bayly and now it's Ms John . Plus, we have a big rehearsal with a couple of other schools every couple of weeks at Fairhills High School."

More about Mass choir:

Mass choir are split into two groups, each group singing a different tune to create a harmony (a harmony is where different melodies come together to make a great sound). They have rehearsals about four times in a year, and three days in a row leading up to the show day at John Cain Arena. As you can see, they work very hard!

YEAR 5 CAMP

In Term 1, the Year 5's went on an exciting adventure to Beechworth camp! They did many fun activities such as gold panning, the Ned Kelly jail, prison tour, the ice cream shop and visited Beechworth Honey shop. They learnt new things, especially relating to their main Inquiry focus and question, "What might history teach us about building resilient communities?"

We asked the Year 5's a question. We asked them if you could add any other activity to camp, what would it be?

This what they said:

Pratham 5E - "I would like to add a mini war with nerf guns."

Gavian 5E - "Archery."

Foram 5E - "A model of Ned Kelly's home."

town

Oneli 5E - "An obstacle course."

Parmin 6B

vanilla slice

History of the dessert:

The Australian pastry (Vanilla Slice) was evolved from the traditional French 17th century (mille faille). This European pastry eventually spread globally and turned into a thick, vanilla custard dessert sandwiched between layers of flaky, buttery puffiness.

Ingredients / equipment:

- 2 sheets of frozen butter puff pastry
- 1-2 tablespoons of sugar
- 750ml of milk
- 250ml of heavy cream
- 85g of cornstarch
- 50g of custard powder
- 200g of white sugar
- 4-6 egg yolks
- 2 teaspoons of custard powder
- 50-60 g of unsalted butter (cubed)
- 2 teaspoons of vanilla extract
- baking sheets
- sauce pan
- baking tray
- 1 ½ icing sugar
- a little bit of leftover ingredients like milk and vanilla just in case!

Method:

Baking the pastry:

1. Preheat oven to 200c (180c fan forced) .
2. Lay 2 sheets of pastry puff (prick them with a fork so they don't over puff).
3. Bake the sheets in the oven for 12-15 minutes until it is puffed and golden .
4. Remove from the oven and carefully use a clean towel or another baking tray to flatten the pastry until it is completely cool.

Making the custard:

1. Whisk 85g of cornstarch, 200g of white sugar, 2 table spoons of vanilla custard powder into a small bowl until it is lump free.
2. Pour in 750ml of milk and 250ml of thickened heavy cream .
3. Place a sauce pan on medium heat and whisk continuously until the liquid in step 2 bubbles up (takes roughly 5-7 minutes).
4. Take the heat and stir up 85g unsalted butter and 2 teaspoons of vanilla extract until the butter melts finally whisk in 4-6 egg yolks to make it rich and silky.

Assemble:

1. Line a 23 cm square tin aluminium foil, make sure to overhang on the other sides so you can easily lift the slice.
2. Place one baked puff pastry sheet at the bottom of the tin so that the cooked side is facing down.
3. Pour the warm custard evenly over the pastry and smoothen the top surface.
4. Place the 2nd pastry puff gently on top of the custard .
5. Cover and refrigerate the pastry inside of the tin for 4-6 hours (or overnight)

Slice and serve:

1. Use the foil overhang to carefully lift the chilled pastry out of the tin. Using a sharp knife, gently slice through the top pastry and press down to cut through the set custard.
2. Dust the top with a quick icing by mixing 1 ½ cups of icing sugar with a little bit of milk and vanilla.

Final Product:

Enjoy your thick, creamy and mouth watering vanilla slice!

GUIDELINES: HOW TO TAKE CARE OF YOUR DOGS

Diet:

A dog's diet contains water, proteins, fats, carbohydrates, vitamins, and minerals. Dogs often eat meat because of its beneficial outcomes; resulting in a healthier and stronger dog. Vitamins can support your dog's immune system, giving them a more regulated metabolism, healthy skin, and bone growth, but most importantly, more function. Minerals are also vital nutrients that helps your dog's health. It is really affective, as they provide a healthy coat, transmitting nerve impulses, strong bones, and a bodily fluid.

Health and behaviour:

Dogs will start breaking out of act or behaving unusual when they are in search or need medical assistance. Some might tend to be sleepier than usual or sleeping more or less than they normally do. Another example is not having much energy and hyper-activeness, and others might have loss of appetite, or suddenly consuming large amounts of water. This often means that their body is struggling to process fluids or suffering from an endocrine disorder. If your dog starts to show these symptoms, it is best to take them to a veterinarian. But if you are not sure, you can contact vet clinics for further information.

TOXIC FOODS

Key Toxic Foods & Compounds

- **Chocolate, Tea, & Cola:** Contain theobromine, an alkaloid that overstimulates a dog's central nervous system and heart.
- **Onions & Garlic:** Contain thiosulphate, which breaks down red blood cells and causes severe haemolytic anemia.
- **Grapes & Raisins:** Contain tartaric acid, which causes rapid, unpredictable, and irreversible acute kidney failure.
- **Macadamia Nuts:** Contain an unknown toxic compound that attacks the nervous and muscular systems, causing temporary hind-leg paralysis.
- **Avocados:** Contain a fungicidal toxin called persin heavily concentrated in the pit and skin; the flesh is safe in small amounts, but high fat levels can trigger pancreatitis.
