

Swimming and Water Safety Policy

(Ratified by School Council: July 2022)

PURPOSE:

The swimming and Water Safety program aims to provide all students with the opportunity to learn basic survival swimming skills and to gain an awareness of water safety issues, in and around water. The program should provide students with the knowledge and confidence to participate in aquatic activities in all environments including school related tasks and those outside of school.

GUIDELINES:

Swimming Program:

- The swimming program must follow Department of Education and Training (DET) guidelines as set out on the **School Policy Advisory Library "Swimming Instruction and Water Safety Education Policy"**
Source: <https://www2.education.vic.gov.au/pal/swimming-instruction-and-water-safety-education/policy>
-
- Programs should include a sequence involving: swimming; water safety; survival techniques; rescue and emergency procedures.
- Glen Waverley Primary School will endeavour to conduct swimming lessons in venues without public attendance
- The swimming program will be a compulsory part of the school curriculum.
- Parental permission is required for attendance.
- Upon completion of the swimming component of the course, students shall receive a certificate from the swim school.
- Swimming is an integral part of the Physical Education program.
- Prep to Year 6 students will be involved in programs appropriate to their ability level.
- A completed Medical and Permission form must be obtained before students can be included in the swimming program.
- Students may seek exemption from the program through proof of current enrolment in a certified swimming program or parental choice. These students will then participate in the water safety lessons conducted on the school premises.

Non-Swimmers Program

- For the duration of the swimming program, the children who do not attend swimming lessons shall participate in a non-swimmer's water safety program conducted by staff on school premises.
- Evaluation will be undertaken after each program and staff shall review and monitor the effectiveness of the swimming program.

IMPLEMENTATION:

Personnel

- A teacher employed by the Department of Education and Training (DET) and be a staff member of Glen Waverley Primary School must;
 - be in attendance
 - have overall responsibility for the activity and legal responsibility for emergency procedures.
- Other supervising staff must be approved by the Principal. These may include parents/guardians, education support class officers, instructors or employees of swimming pools.
- When arranging for supervision of swimming or water activities schools must take into account the age and experience of the students as well as the venue and experience of staff in accordance with DET expectations.

Qualifications

All swimming programs

All supervising staff (directly involved in delivering water-based sessions) must be capable and have the knowledge and skills:

- to teach swimming and water safety
- for emergency rescue and cardiopulmonary resuscitation (CPR), such as Level 2 First Aid

Note: Appropriate levels of competence are the rescue and CPR requirements specified in the certificates for:

- AUSTSWIM Teacher of Swimming and Water Safety
- Life Saving Victoria
