### **Student Preparation**

In preparation for excursions, the school will advise:

- students of:
  - the organisational arrangements
  - relevant safety arrangements or emergency procedures
- students and parents or carers:
  - of expected standards of behaviour
  - that in extreme cases students may be sent home from an excursion at the cost of the parents.

In extreme cases the excursion staff, following consultation with and the approval of the school principal, may decide to return a student to their home from an excursion. Excursion staff should:

- advise the student's parent or carer of the:
  - circumstance associated with the decision to send the student home
  - time when the parent or carer may collect their child from the excursion or the anticipated time that the student will arrive home.
- consider the age and maturity of the student when making travelling arrangements.

### **The Excursion**

- Teachers will ensure that students participate in a safe and engaging series of learning tasks in line with the planning that has gone into the excursion.
- All staff and students will abide by the rules, guidelines and agreements outlined by the Department, the venue and the school's planned procedures for the excursion.
- All members of staff will, to the best of their ability, remain flexible and support other staff throughout the duration of the excursion, to ensure a smooth and harmonious time for all personnel involved in the excursion.

### **Ongoing**

- Evaluation of the Outdoor Education program will be coordinated by relevant teachers in conjunction with the principal to monitor the effectiveness and appropriateness of the outdoor education programs offered.
